Professional Thai Culinary Training Program

ALL-INCLUSIVE TRAINING

“Learn to Cook Like A Thai”

We teach authentic Thai cooking using only the freshest ingredients, as we are located in Bangkok, the cultural and culinary capital of Thailand. If you want to experience authentic Thai dishes, this is the place to visit. If you want to learn proper Thai cooking, we are the school to attend.

During your training with us, you can expect to learn all about Thai ingredients, Thai cookware, plus 200+ professional Thai dishes, street foods, fruit carving and banana leaf design.

Our English-speaking Thai instructors are experienced chefs and teachers. Over the years, we have taught many novices, yacht chefs, restaurant cooks, executive chefs the ins & outs of Thai cooking--emphasizing authentic aromas, flavors, and professional presentation.

The best way to learn Thai cooking is to cook, cook, and cook. First your chef-instructor will demonstrate each dish, and then you are expected to duplicate the dish following his directions and your recipe. Once completed, your instructor will taste test your dish and offer comments for improvement.
